PROFILE

With over 2 years of experience and a results-driven mentality, constant seeking and learning of new, efficient technologies aim to consistently achieve aggressive deadlines. Passionate for going the extra mile to ensure customer satisfaction with the product and services.

WORK EXPERIENCE *(2 years 6 months)*

EKA SOFTWARE SOLUTIONS (Oct 2021 - Present)
- Created 100+ responsive, scalable, and accessible components across 8+ applications using Angular for both company and client.
- Successfully led the Angular upgrade, transitioning from version 7 to version 16, implementing modern technologies and frameworks to enhance system performance, scalability, and maintainability.
- Integrated Google Analytics and Adobe Analytics to streamline data collection, reducing sales team response time by 30% for enhanced efficiency.
- Developed RESTful APIs to facilitate seamless communication between client applications and backend systems, ensuring efficient data exchange and scalability.
- Collaborated with the PS and Sales teams to promptly address any Hyper-care issues within a two-hour time constraint.
- Coordinated with PM/IM to keep on track with the project plan, timeline achieving a 97% adherence rate to scheduled milestones.
- Worked with Quality Assurance to get new pages/products tested and addressed any issues in under 48 hours.
  Tech stack: Angular (7+), NodeJS, JAVA, MongoDB, Elasticsearch Jenkins, Docker.

EDUCATION

Bachelor of Technology (2017-2021)
College of Technology, Govind Ballabh Pant University of Agriculture and Technology, Pantnagar, Uttarakhand.

PROJECTS

POKESTORE (view demo • view code)
Created an eCommerce store with React, prioritizing React Router for seamless navigation and enhanced user experience in browsing products.

CHAT-APP (view code)
Implemented real-time chat application using ReactJS frontend, Express server, and WebSocket API for seamless communication and dynamic updates.

KANBAN (view demo • view code)
Developed Kanban board with Angular 17, emphasizing Angular CDK drag and drop for intuitive task management and workflow optimization.
